

TRIAX DIESEL ULTRA

COMPLETE DIESEL FUEL TREATMENT, BOOSTER & CLEANER

TRIAX Diesel Ultra Fuel Treatment is a complete performance diesel additive designed to clean injectors and the entire diesel fuel system, provide much needed lubrication to the fuel pump and injectors, while increasing the cetane number of diesel fuel by 4-5 points per recommended treat rate. This product contains outstanding high and low temp detergents for exceptional diesel cleaning efficiency. TRIAX Diesel ULTRA uses the latest generation components to provide exceptional fuel system cleanliness and compatibility with all diesel fuels, including Ultra Low Sulfur Diesel.

TRIAX Diesel ULTRA provides sufficient lubricity to the diesel injection pump to help to counteract problems arising from the use of ULSD fuels. This added lubrication, significantly extends fuel system parts' life such as injectors and diesel injection pumps.

PERFORMANCE

- Recommended to be used continuously, at every fill up
- Excellent ability to remove DW10 injector spray hole deposits and to keep injectors clean
- Excellent detergency in XUD9 injectors to prevent nozzle fouling
- Excellent performance in both mineral and bio-diesel blends
- Removes/prevents internal (soapy) and external injector deposits in Common Rail diesel engines (IDID) clean-up and keep-clean performance)
- High quality detergent package dissolves and burns
- 100% combustion, leaves no residue
- Restores engine power previously lost because of residue and combustion deposits
- Helps to prevent injector seizing, sticky fuel valves and blocked injectors
- Lubricates fuel pump preventing the formation of metal shavings which can clog injectors
- Improves fuel economy by 1.5-2% in most vehicles
- Significantly improves emissions and smoke
- +4 to +6 point cetane boost for 10-15% additional torque
- Lowers the COLD FILTER PLUGGING POINT (CFPP) of diesel fuel in winter by up to 30F.

PERFORMANCE HIGHLIGHTS

CETANE BOOST

**CLEANS ENTIRE FUEL
SYSTEM**

REMOVE WATER FROM FUEL

-40 °C (-40 °F) COLD STARTS

BOOST TORQUE AND POWER

REMOVE INJECTOR GUNK

APPLICATIONS

TRIAX Diesel Ultra Fuel Treatment is recommended for use in all diesel powered passengers cars, vans, agricultural equipment or trucks. TRIAX DIESEL ULTRA is also recommended for high performance European TDI, TDCI, CDI engines, including those with diesel particulate filters (DPF).

TRIAX DIESEL ULTRA meets all requirements of EMA,TMC & NCWM (all truck associations) and diesel engine cleanliness standards L-10/ XUD9.

HOW TO USE

One bottle, treats 25 GALLONS or 95 LITERS of fuel.

CHEMICAL PROPERTIES

TEST CRITERIA

GRAVITY ASTM D 4052, °API	24.80
KINEMATIC VISCOSITY ASTM D 445 @ 40C	16
VISCOSITY INDEX	131
FLASH POINT C(F)	66 (151)
POUR POINT C(F)	-42 (-43)

Small deviations from these results are expected during the manufacturing process and do not affect product performance.
